

Where The Modern Class of Kuala Lumpur Resides

The background features a vertical teal stripe on the left side. The rest of the page is white with several diagonal, semi-transparent teal lines that create a sense of movement and depth. The text is centered in the upper half of the page.

Nature & Splendour

A symphony of style
from the connoisseur
of design.

The Allure of Diverse Expressions

Capturing the best of two distinct yet complementary worlds, Verticas stands tall, blending the sleek urbanity with the serenity of the tropical rainforest.

Tucked away in the tranquil Bukit Ceylon, this 43-storey condominium offers a fashionable and modern lifestyle set amidst one of the most charming and exciting parts of Kuala Lumpur while remaining a mere stone's throw from the heart of this cosmopolitan city.

Places to explore,
surroundings to enchant...
Nature in all its glory.

The Charm of Quaint Surroundings

Nestled near the 11 hectares Bukit Nanas Forest Reserve, the view from Verticas is one of soothing hues of green. Tall leafy trees tower over the road leading to this exclusive residence, adding a cool and refreshing sense of calm to your life.

Amidst the glittering lights of the city, Verticas invites you to escape into this rainforest of lush greenery to find your peace and tranquility.

Rooms to cherish,
spaces to unwind...
the warm comforts
of luxurious
living areas.

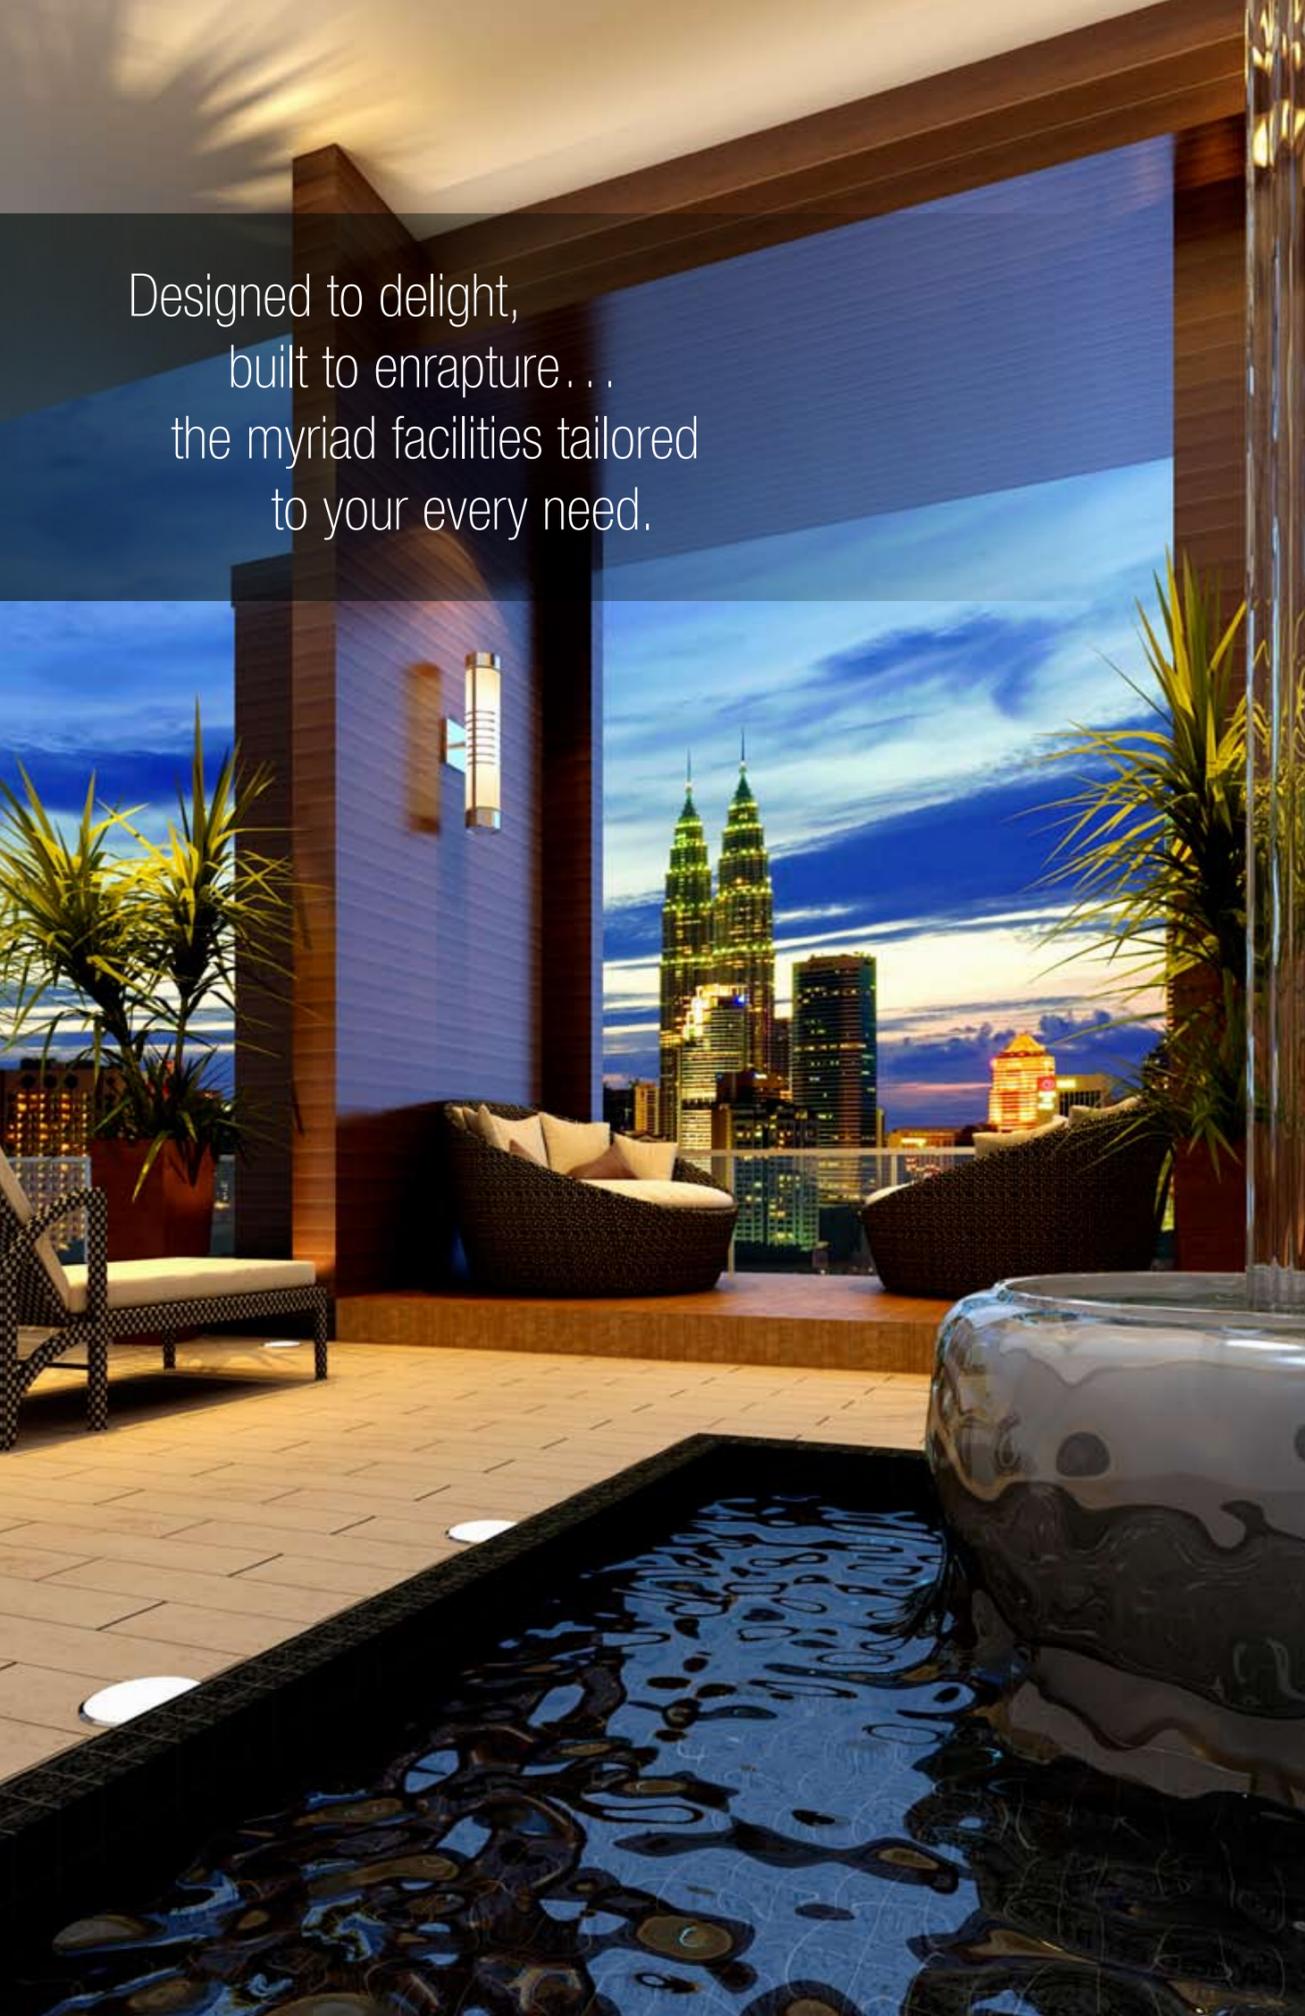

The Comfort of Restful Spaces

Well-designed with ample space, the interiors of Verticas are pleasantly luxurious. Expansive panel windows ensure that warm sunlight streams through, adding a touch of nature indoors.

Planned with your lifestyle in mind, this is the canvas to outline your dream home, the rooms in which you live a lifestyle of the hip and trendy urbanite.

Designed to delight,
built to enrapture...
the myriad facilities tailored
to your every need.

The Satisfaction of Worldly Pleasures

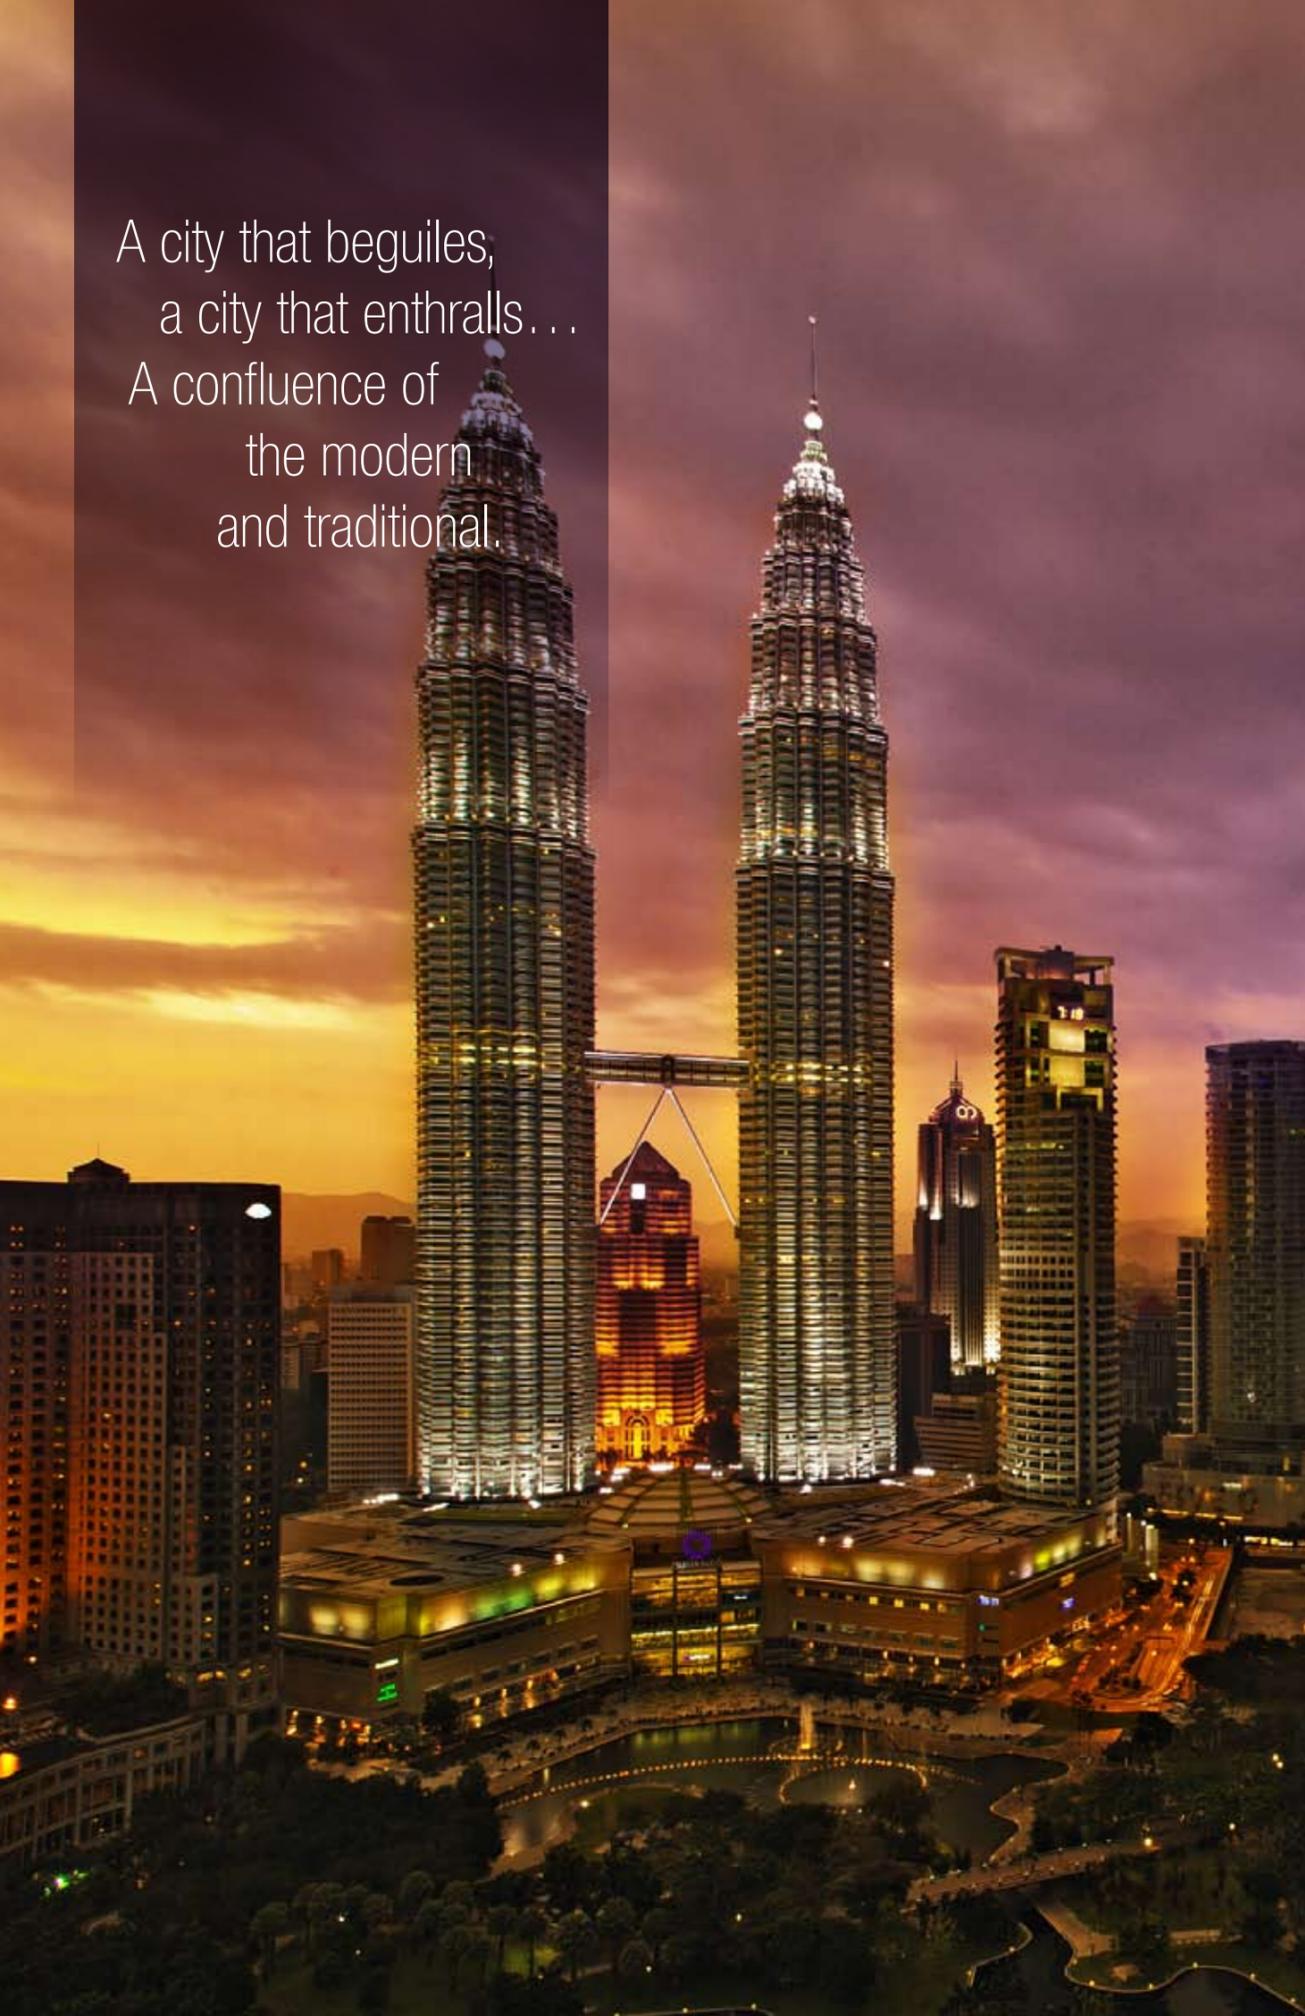

Convenience and expediency are inseparable from the urban way of life, and at Verticas we cater for these indulgent needs. Take in the spectacular view of the Kuala Lumpur skyline on the Sky Terrace on the 27th floor, or organise a rousing party at the 5th floor function room. Dip in the invigorating tonic of the swimming pool, or go for a session of Pilates in the gym.

At Verticas, home is not just a place you live in, but a place you enjoy life to its fullest.

A city that beguiles,
a city that enthralls...
A confluence of
the modern
and traditional.

The Sophistication & Energy of Kuala Lumpur

A flawless blend of urban conveniences and historic traditions, set in the lush tropics, Kuala Lumpur is the personification of the quintessential Malaysian character.

Offering unparalleled value in cost of living, Kuala Lumpur is a modern and sophisticated city with comprehensive infrastructure like international schools, shopping malls, bars and restaurants, museums, art galleries, theaters, and other social and cultural hubs.

For a lifestyle of modernity and convenience, these are truly exciting times to be in Kuala Lumpur.

The Compelling Touch Behind Verticas Residensi

Wing Tai Holdings Limited is one of Singapore's leading property developer and lifestyle company widely recognised for quality in its property developments. Listed in Singapore since 1989, Wing Tai is a major property player with a niche reputation for delivering premium developments with innovative design, finishes and workmanship due to its dedicated attention to detail and quality. To date the company has an extensive land bank of choice sites in Singapore and has developed more than 70 projects in the region.

Apart from its main core business in property investment, development and management, Wing Tai's other business interests include hospitality management, apparel retailing and food franchise operations. Wing Tai Holdings, together with its regional network of public listed companies - USI Holdings Limited in Hong Kong and DNP Holdings Berhad in Malaysia - form WingTai Asia. Together, the WingTai Asia group has developed an increasing presence in a wide range of business activities across the region.
